

CONTENTS

Volume 4 Number 1

2007

Published March 2007

- | | | |
|--|----|---|
| R. R. Sharma, L. Samarkoon, M. Hazarika and T.P. Kafle | 1 | Applicability of Tropical Rainfall Measuring Mission to predict floods on the Bagmati River |
| M.S.A. Khan | 16 | A Computer-assisted Method for Optimum Design of Rainwater Harvesting Systems |
| K. P. Sharma and R. G. Kharbuja | 26 | Simplified method of sediment monitoring and estimation: A case study of the Narayani River |
| M. Salehin, A. Haque, R. Rahman, M.S.A. Khan and S.K. Bala | 33 | Hydrological Aspects of 2004 Floods in Bangladesh |
| K. P. Budhathoki and O. R. Bajracharya | 45 | Application of satellite snow cover for the prediction of run off of Arun River |
| B. Shakya, B. Limbu and A. Shakya | 50 | Rainwater Harvesting Potential and Its Quality: A Case Study of Nayabazar Town Planning Area, Kathmandu Municipality |
| P. K. Sen | 58 | Remote sensing for estimating depleted fraction and its implication in the changes of groundwater table in the Roxo irrigation area, Portugal |

Volume 4, Number 1
